Montreal

All eyes are on Canada right now, and not just because Americans horrified by the prospect of a Trump presidency are looking to move north. The country is celebrating its 150th anniversary in 2017, and [Montreal](#), which was settled by French explorers, is commemorating its 375th. The [festivities](#) have already started and will continue through January and beyond with an Igloofest, an installation of important Montreal figures projected onto the city's walls, performances, ice-skating, and other winter sports. Book a room at the new [Hotel William Gray](#) in the Vieux Port, which combines a sleek design with the chic restaurant Maggie Oakes, a coffee shop by Montreal favorite Café Olimpico, and a retail shop by OTH (Off the Hook).
